

**“Unrecorded gifts... silently given.”**

**~ Msgr. Leo McFadden describing his friend Jack Reviglio**

**Our Lady of the Snows School is following Jack’s lead!  
Join us and give back — with a smile!**

“Give Back Like Jack,” is a program designed to inspire random acts of kindness in the community to give back in the same way that Jack Reviglio was able to do for so many people. This is not a fundraising tactic. “Give Back Like Jack” encourages people simply to engage in small daily activities that positively affect a friend, family member, co-worker or even a perfect stranger, in some way. Whether it’s holding open a door for someone, offering to take the neighbor’s dog along on your morning run or helping a stranger reach an item on the top shelf at the grocery store, the purpose of “Give Back Like Jack” is to encourage kindness, respect and courtesy among all people in the community.

With multiple non-profit organizations participating in the “Give Back Like Jack” program, the goal is to reach as many people as possible with the message that giving back to your community means more than just making a donation. Help us remember all of the good that Jack Reviglio did by living life the way that he did – by giving back.

“He was a man of natural strength, incurable optimism and uncommon compassion — in other words he was a hero.”

The Ripple Effect—A movement has begun.

One man, one act of charity, one thoughtful deed, one attitude of joy. Like stones dropped into still waters, Jack's influence cast a ripple effect which is spreading fast. Jack started a movement to inspire others which is becoming a tidal wave of charity and kindness. His legacy now lives through his family and friends — let's join them. Let's Give Back Like Jack!

### The Birthday Party

Jack's grand-daughter, Mikaela Woodhead, had an idea. Her birthday was coming up and she knew Mrs. Vikre was looking for donations for our school library. She decided she had the perfect opportunity to Give Back Like Jack. She invited her entire 6th grade class plus her soccer team to a skating party and asked each participant to forego the customary birthday presents and instead donate books to our library. These youngsters were thrilled at the opportunity to give back as well — more than 100 books were donated during our Christmas break to Mrs. Vikre's library!

### Christmas Jars

Rick Reviglio was touched by a magical book this year—"Christmas Jars". He read this book to his sons, Angelo, Mateo and Gino before Christmas and together they were inspired to begin a new tradition for their family and Give Back Like Jack. The concept of the Christmas Jar is to put all your loose change into a jar. Each family member participates. The jar is delivered to someone in need. Rick and the boys were told about one such woman through the Boys and Girls Club. They delivered their jar to her on Christmas Eve. Rick shared this book with his entire family and they each started their own Christmas Jar!
